The curriculum should inspire and challenge all learners and prepare them for the future. The academy's aim is to develop a coherent curriculum that builds on young people's experiences in the primary phase and that helps all young people to become successful learners, confident individuals and responsible citizens.

Specifically, the Curriculum Intent is to enable our students to:

- achieve high standards and make good/excellent progress.
- enable those not achieving age-related expectations to narrow the gap and catch up with their peers.
- have and be able to use high quality personal, learning and thinking skills (plts) and become independent learners.
- have and be able to use high quality functional skills, including key literacy, numeracy and ICT skills.
- be challenged and stretched to achieve their potential.

- enjoy and be committed to learning, to 19 and beyond.
- value their learning outside of the curriculum and relate to the taught curriculum.

- benefit other secondary and primary schools in the area.
