Scenario/context will change each year, the tasks in each PSA will assess the same skills so that the mark scheme remains consistent.</p> <p>2. Level based mark schemes – learners can gain up to 12 or 24 marks across four bands of achievement, ranging through limited, adequate, good, and comprehensive knowledge, understanding and skills. A consistent set of descriptors to help understand which band fits the quality of the evidence overall, with three marks available in each band to give more scope for differentiation.</p> <p>3. Moderation - moderation process unique to the Tech Awards checks the application of centre assessment through the sampling of learner work and establishing the level</p>		<p>learners who are intending to go onto further study in a related sector. Graded and certificated on a seven-grade scale from Level 2 Distinction* to Level 1Pass</p> <p>2. Assessment is compensatory within components and across the qualification – meaning anywhere learners gain marks, these are added to the total towards a grade.</p> <p>3. There are no minimum grade requirements in any component, so an Unclassified result in any of the components will not prevent a learner from achieving the qualification.</p> <p>4. Terminal assessment - Learners take the external assessment in their final series, i.e. the one in which certification of the</p>
